Dear Physicians and Advanced Practitioner Providers,

Thank you for taking care of Adena Health Systems' employees and their dependents. We are grateful for the professional care you provide and for the high standards of medicine that you deliver.

We are excited to provide you this Adena Health Plan Provider Manual for use in 2022. In this quick guide you will find an overview of the Adena Care Network and the new partnership with the Ohio State University Health Plan Network. This new network partnership allows greater access for Adena employees and their dependents.

Adena Health System offers three plan options: PPO Plus, HSA1, and HSA2. We have included a summary of these plans for you and your office as a reference.

Need assistance with referrals or transfers? Please see the included contact information.

Questions on medication coverage? Also included in this guide is information on pharmacy benefits, preventative drugs list and nonessential drug list.

Contact information is also included for inquiries regarding eligibility, benefit verification, pre-certification, prior authorization, and claims.

You also have access to local representation. Please feel free to reach out to Misty Johnson, Director of Client Services at 740-779-8663 or email mjohnson8@adena.org.

We wish you all the best in 2022!

Sincerely,

Medical Director – Adena Health Plan

BACKGROUND AND OVERVIEW

Adena Health System is the administrator of the medical plans for Adena physicians, advanced practice providers, caregivers and their dependents. The health plan is self-funded through Adena Health System and not through a commercial health insurance company. Adena Health System contracts Trustmark, a third-party administrator, to administer benefits for approximately 7,000 members.

Adena Care Network

The following facilities and medical groups are included in the Adena Care Network: Adena Health System and Adena Medical Group

This network provides the highest coverage of benefits with the lowest out-of-pocket for the Adena Health Plan members and their families.

Ohio State University Health Plan Network (OSUHP)

The Adena Health Plan has partnered with OSUHP network to provide tertiary and quaternary care for the plan members. Note that OSUHP does not administer the benefits for the Adena Health Plan. The following facilities and medical groups are included in the OSUHP Network:

Ohio State University Wexner Medical Center (OSUWMC), Nationwide Children's Hospital (NCH), Central Ohio Primary Care Physicians (COPCP) and other select providers.

The OSUHP Network provides the next highest coverage and next lowest out-of-pocket costs for the Adena Health Plan members and their families.

Anthem Network

The Anthem Network provides coverage for Adena Health Plan members who select services or physicians/Advanced Practice Providers (APPs) outside of the Adena Care Network and the OSUHP Network.

The following facilities and medical groups are included in the Anthem Network:

Any Anthem facility, physician, or APP within the Anthem Network who is not included in the Adena Care Network or the OSUHP Network.

The Adena Health Plan members and families have the lowest coverage and the highest out-of-pocket costs when they use the Anthem Network.

Note: Emergency Care is covered at the OSUHP Network coverage level of 90%

BENEFITS AND COVERED SERVICES

Adena Health System offers three plan options: PPO Plus, HSA 1, and HSA 2. All plans have a calendar-year benefit period with no pre-existing condition clause. All plans offer the same covered services; only employee contributions and out-of-pocket amounts differentiate the plans.

ADENA HEALTH PLAN
PHARMACY & FORMULARY

PHARMACY

Adena Health Plan contract MaxorPlus for pharmacy benefits management (PBM). The plan covers the first two prescription fills of a maintenance medication at a MaxorPlus participating pharmacy. After two fills, maintenance medications are covered through the Adena Retail Pharmacy and are available to members via mail order.

Please Note: Infusions and any office administered medications are considered non-PBM. Claims should be filed to the medical plan at Trustmark for coverage. Non-PBM medications require a prior authorization.

PREVENTIVE MEDICATION DRUG LIST

Guidelines for high-deductible plans allow for preventive prescription medications to be excluded from deductible and members are charged a \$7 copay. Some of the medications on the list are also subject to the Affordable Care Act and are covered at 100%.

Most other drugs covered under the plan benefit will be subject to the deductible until it is met. Drugs on the list were evaluated and selected based on IRS guidance and clinical validation to ensure that the indications for which they are commonly prescribed are considered preventive within established guidelines. Cost of formulary status was not a factor in the evaluation and approval process.

Depending on some prescription medications' forms (e.g. cream vs. tablet) or strengths, they may not be deemed preventive. Prior authorizations, coverage exclusions, quantity limits, or step therapy requirements may still apply.
