OWNER: Megan Krause

AREA: Finance/Business Office

Issued: 07/26/2017
Revised / Edited: 07/10/2024
Expiration Date: 07/10/2025

STATEMENT OF PURPOSE

This policy establishes Adena Health System's (AHS) guidelines for free or discounted services based on specific income criteria as defined by the Federal Poverty Guidelines. Adena's Chief Financial Officer is administratively responsible for this Policy along with the Finance Committee of the Board of Trustees which maintains oversight

SCOPE

This policy applies uniformly to both inpatient and outpatient services provided by the following AHS entities:

- Adena Regional Medical Center (**ARMC**)
- Adena Greenfield Medical Center (**AGMC**)
- Adena Pike Medical Center (**APMC**)
- Adena Medical Group (**AMG**)
- Adena Fayette Medical Center (**AFMC**)

POLICY/PROGRAM DESCRIPTION

The core of AHS' mission is to serve the healthcare needs of all people in our community 24 hours a day, 7 days a week, regardless of their ability to pay. Furthermore, AHS does not discriminate against, race, color, sex, national origin, disability, religion, age, sexual orientation or gender identity. For further detail please refer to AHS Patients' Rights and Responsibilities literature. AHS provides care based on the following principles:

- Treat all patients fairly, with dignity, respect and compassion.
- Serve the emergency healthcare needs of everyone.
- Assist patients who cannot pay for part or all of their care.
- Balance needed financial assistance for some patients with broader fiscal responsibilities in order to maintain hospital services.

AHS provides free or reduced care under Hospital Care Assurance Program (HCAP), Charity Care Program (CCP). HCAP is the Ohio Department of Medicaid's (ODM) mechanism for meeting the federal requirement to provide additional payments to hospitals that provide a disproportionate share of uncompensated services to the indigent and uninsured. AHS provides additional charity through its own CCP based on Federal Poverty Income Guidelines as outlined in this policy.

UNINSURED PATIENTS:

- 1. For those uninsured patients who do not qualify for any financial assistance discounts described in this policy. Adena extends an automatic (self-pay) discount to their hospital bills. The self-pay discount is not means-tested, and therefore is not subject to the section 501(r) AGB requirement, and is not reported by Adena as financial assistance on form 990, Schedule H

CHARGE LIMITATIONS:

- 1. Financial Assistance Policy eligible individuals may not be charged more than Average Generally Billed (AGB) for medically necessary care.
- 2. For patients who are determined to be eligible for a Financial Assistance Program, AHS will not hold the patient responsible for more than AGB. The AGB percentage is calculated using the "Look-Back" method, as defined in federal regulations. Each AHS entity calculates its AGB percentage based on all claims allowed by Medicare and private health insurers over a 12 month period, divided by the applicable hospital's associated gross charges for those claims.
- 3. AHS adjusts charges annually at the beginning of the calendar year based on a variety of factors including costs, market conditions, government regulations, and insurance contract requirements. Once the charges are determined for the year, the current year AGB is calculated utilizing the aforementioned methodology.
