Time to get your car? Use Flash Valet. It's simple and convenient to get you back on the road quickly.

- When you are ready to leave, text the number stamped on your valet ticket.
- Flash Valet will notify our valets that you have requested your vehicle.
- Our valets will retrieve your vehicle and have it ready in the designated valet entrance.
- You will be notified once your vehicle is ready for you.

You can still request your vehicle by approaching any podium and giving your claim check to a valet.

**If you need to get your keys after valet hours,
please call Security at 740-779-7505.**
